NEW

EVOLVE LIGHTWEIGHT FLOOR

Legend's all-new EVOLVE van floor takes all the requirements for a reliable van floor and turns them into a lightweight - yet still extremely robust cargo van floor.

- 53% Lighter than other rigid floors - designed especially for the E-Transit!
- Composite, not plywood, made of 75% Recycled Material
- No-drill-into-chassis with fastener kit included

3D CONFIGURATOR

3d.legendfleet.com/configurator

RIGID FLOORS

- Flat, anti-slip surface for maximized operator safety and productivity
- Extremely durable to protect bare metal van floor from impact and puncture damage
- Moisture-resistant, chemical-resistant and rot-proof, unlike plywood. Easy to clean
- Comes with aluminium side and rear sill set

INTERIOR LINERS

- Durability - protects against the roughest wear and tear on van panels
- Increase Resale Value - prevent van panel and van wrap damage, vehicles in excellent condition at end of life cycle
- Temperature Control - liner insulation creates thermal barrier
- Sound Deadening - reduce road noise

25X
STRONGER
THAN FACTORY
LINERS

STEEL THRESHOLDS

- Maximize operator safety with extremely grippy high-visibility textured yellow coating side and rear thresholds
- Protect loading and entry points most prone to damage
- Increase efficiency by allowing operators to load in and out quickly in all weather conditions

WHEEL WELL COVERS

- Protection - loading cargo in and out of the van, the bare wheel wells are one of the first things to dent and damage
- Decrease Road Noise - significantly deaden loud wheel and road noise by closing in wheel wells with extra padding
- Thermal Barrier with insulation
