

THE UPFIT YOU DESERVE

MOTION SENSOR  
**CEILING LIGHTS**

Keep it Bright, Even at Night.

Our Motion Sensor Ceiling Lights allow you to work fully unobstructed day or night. These low-profile, incredibly powerful LED lights recess perfectly into your van ceiling and with the help of our plug & play wiring connections, can be installed in minutes. Keep it bright, even at night.

**MATERIAL**

**PLASTIC**

**MEASUREMENT**

**6IN**

**COLOUR**

**WHITE**

## MOTION SENSOR ACTIVATED

We've seen time and time again van batteries dying as a result of lights being left on. That's why our lights are motion sensor activated – designed to preserve your van battery, and only turn on when necessary.

### Available Options

Motion Sensor Ceiling Light Kit

Packs of 1, 2, 3 or 4

Plug & Play Kill Switch

Ceiling Light Bracket + Hardware

*\*The Motion Sensor Ceiling Light Kit includes everything needed to install the lights. Wiring and instructions included.*

## ULTRA WIDE LIGHT SPREAD

Boasting an impressive 1800 lumens of light output per unit (more than standard vehicle headlights), our ceiling lights are among the brightest available on the market.

## NO CEILING LINER? NO PROBLEM

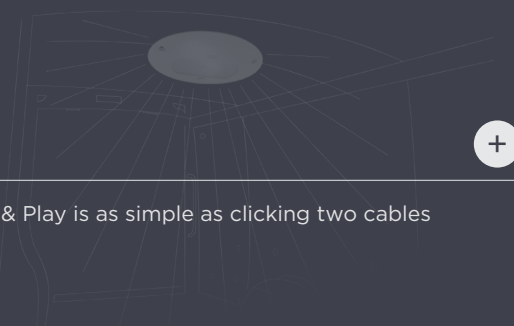

Although we recommend installing our lights with a ceiling liner, we also offer a bracket kit that alleviates the pressure to install ceiling liners beforehand.

## MOTION SENSOR CEILING LIGHTS FAQ

### What is Plug & Play Installation? Do I need soldering?

Every Motion Sensor Ceiling Light Kit comes with a Plug & Play installation kit. Plug & Play is as simple as clicking two cables together – no need for soldering or aid from an electrician.
