INTERIOR LINERS

ECONOLITE

A Budget Liner that Actually Works.

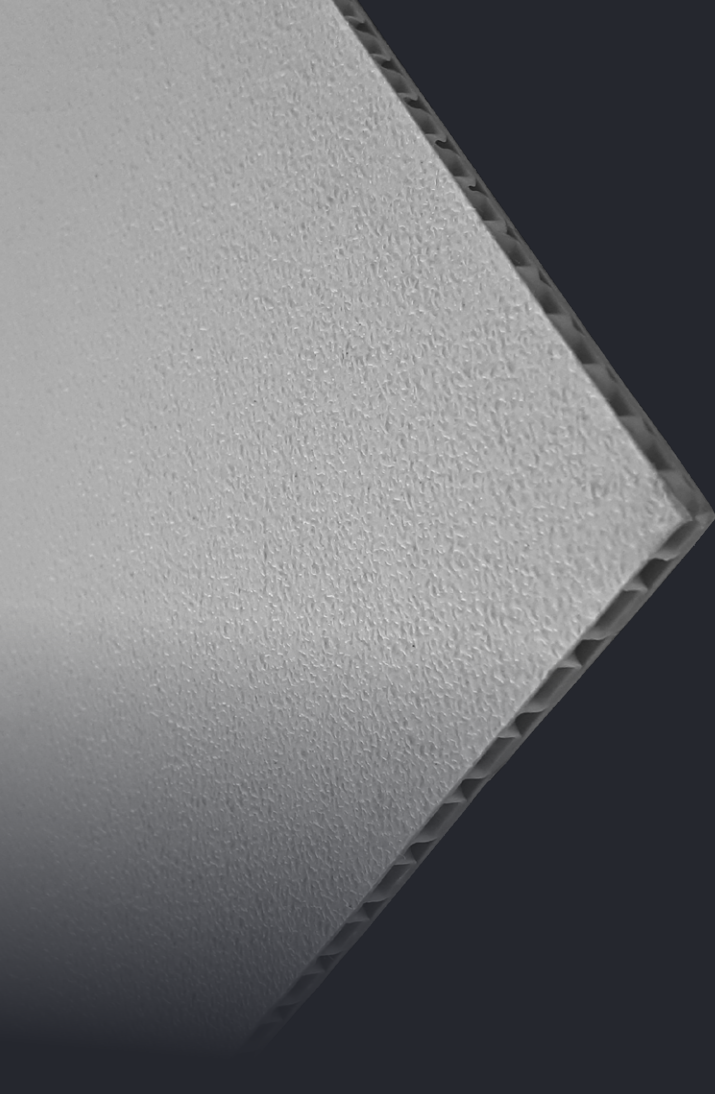

EconoLite budget interior liners are **an affordable** solution to protecting the interior of your van. They are not insulated, but instead provide a layer of protection superior to that of factory-supplied liners. We recommend EconoLite for applications where budget is the main consideration, and insulation is not a concern.

SUPERIOR PROTECTION TO FACTORY INSTALLED LINERS

Most vans come with factory installed coroplast interior liners. At low temperatures coroplast becomes brittle, and at high temperatures it becomes soft. Both scenarios lead to frequent cracks and breaks.

EconoLite is more resilient. Made with a unique honeycomb pattern core, it's more durable and reliable than factory liners.

Available Kit Options

Wall Liners

Door Liners

**EconoLite liners are available for individual order but are recommended as a full line kit for maximum performance*

EASY PUSH RIVET INSTALL

Installing EconoLite is quick and easy thanks to our push-in rivet installation. Simply line up the panels to the right wall of the van, insert the push rivets, and voila!

Install can be done in as little as 15 minutes.

ECONOLITE TESTING

Physical Properties	Value	Physical Properties	Value
Surface Weight	1500 g/m ²	Dimensional Variation	< 0.5%
Thickness	4mm	Impact Resistance at 23°C	No effect
Density	0.38 g/cm	Impact Resistance at -30°C	No effect
Flexural Break Resistance	70 N	Flame Propagation Speed	< 100 mm/mn
Flexural Rigidity	6.9 N/mm	Smell	No odour
Hardness	> 25 shore D	Volatile Organic Components	Not detectable
